

CELLULAR ON PATROL

Application Form

Through your Neighborhood Association, District Council representative, and the San Antonio Police Department, you can be an asset to your police service area by becoming a member of a neighborhood based group, Cellular On Patrol (COP). This crime watch program will consist of responsible citizens patrolling with cellular phones that have a direct line to emergency assistance. To become involved with COP, you must attend two separate four-hour classes, scheduled approximately one week apart, totaling eight hours training. You also have the opportunity to ride along with a police officer for up to eight hours. Affiliation with a neighborhood association is not required. A cellular phone will be furnished to a designated COP participating group. For more information about the COP program, please call your Neighborhood Association President, District Representative, or the Police Department Service Area closest to you.

Your acceptance into the Cellular On Patrol program is dependent on several factors. 1. Must complete an eight-hour training session. 2. You agree to use designated phone equipment in the manner prescribed within the program guidelines. 3. You will not hold the police service area organization responsible for any injuries to you or damage to your property. While not required, an eight-hour riding time with patrol officer in your neighborhood is strongly suggested.
